### Programming Skills:

- C++
- FMOD
- Unity
- C#
- DirectX

---

### Languages:

- Swedish (Native)
- English

## Personal Profile

I am a game programming student at The Game Assembly, currently looking for an internship spanning August 2022 – April 2023.

I have worked through the process of making games from the ground up several times during my studies, often on tight deadlines. Over the course of my studies, I have gained a particular interest in gameplay and audio design.

---
